What is TOTA?

Who Should EXHIBIT?

1 EQUIPMENT SUPPLIERS

Attendees are interested in the latest products available. We have occupational therapists, occupational therapist assistants and students who want to become familiar with equipment that is going to help their clients on the road to recovery.

2 RECRUITERS

Hearing about new positions for recent graduates to seasoned professionals is one of the benefits to attending our conference.

3 ANCILLARY SERVICES

It takes a number of things to run an OT practice. Our attendees need insurance, billing companies, software and other great resources to help them in their practice.

Texas Occupational Therapy Association (TOTA) is the state's professional association of Occupational Therapists, Occupational Therapy Assistants, students of Occupational Therapy and retired Occupational Therapists. The primary mission of TOTA is to be responsive to the professional development, information needs, and educational requirements of its members; to advance and improve the practice of occupational therapy for the benefit of the consumers; and to anticipate and respond to the organizational, political, economic and social features of the health care delivery system at the local, state and national levels.

What is the TOTA Annual Conference?

The TOTA Annual Conference is the yearly educational conference and business meeting of the association. The annual conference provides the ideal place and time to promote your products/services to the OT community. On average over 600 Occupational Therapy Professionals and Students attend the annual conference.
